- a. Shall be split into two or more sections at the discretion of show management to allow each exhibitor the maximum opportunity to show their horse.

3. In Driving, so that there will be 14 or fewer horses in each section, Table A will be used in dividing Driving classes with numbers that will produce such entries in the sections. Eight horses will be ranked with seven horses going forward.
4. In all classes after Preliminary sections are complete, all Eliminations at the same level may be held consecutively.
